Best Veggie Burger: Roam Burgers

Selling more than 100 daily, Roam Artisan Burgers makes a purple, protein-packed patty out of brown rice, beets, black beans, dates, quinoa, jalapeños, cumin, and other fresh herbs and spices. (The irony that this veggie delight is found in Cow Hollow is not lost.) Get The Classic built with house-made pickles and the tasty house-made Thousand Island or the Veggie Sunny Side topped with a free-range egg, aged white cheddar, and caramelized onions.
