Roam Brings Artisan Burgers to Cow Hollow

[Roam Artisan Burgers](#), an eco-conscious burger joint in Cow Hollow, poses no dilemmas for omnivores thanks to a slate of customizable pasture-to-plate patties (grass-fed beef, free-range turkey, home-on-the-range bison, plus a veggie version) served alongside the likes of housemade natural sodas and Straus Family Creamery organic ice-cream shakes; the counter-style setup features reclaimed wood, funky recycled glass light fixtures and the requisite communal table, and you know you're not in Kansas anymore when the bar pours kombucha as well as beer and wine on tap.
